In the Name of the High

... Edition word ...

Here and now comes the English version of the Al-`Ameed Journal to meet the desire and interest of all scholars , researchers and readership nationwide and worldwide and to implement the major mission , globality, of the International Al-`Ameed Centre for Research and StudiesHere and now comes the English version as there were many issues in most of the journal editions running in line with the global scope of humanity and science as a journal it endeavours to innovate and remedy the most essential crises in the worldHere and now comes such a journal to plough its pathway into human mind regardless of blood , colour and race ; it is the one and sole message Islam strains every sinew to promulgate , it is the brunt the journal bears from the very outset to scrutinize the wails and plight under the lens of academic and scientific scale and standards .

Tomorrow and forever will rise and shine the Al-`Ameed journal in English and inaugurate into effect and practicality to invite all the international and cosmopolitan quills , humanity pens, to prospect for every issue serving man. For such a mission to sting at the heart strings of universality and publicity emanates from the sapience of the Holy Al-`Abbas Shrine in considering all people as equal and venerated , as brothers and brethren : no sooner does the Al -`Ameed journal surge into readership and academic libraries , than the academicians inspire to have its

manuscripts, articles and studies ensconced in the orbit of internationality : as much as the journal holds conferences and symposiums , theses academicians and researchers broach the inevitability of having the English version of Al-`Ameed ; the centre throughout years draws the attention of them to certain troubles and problems and there were many axes in English whose speakers from distinguished universities admire the policy the journal takes hold of and hope one day there will be a version in Englishtomorrow and forever will come the version to render such ambition into truth and reality , effect and practicality ; it is the sacred message and duty the department of the Cultural and Intellectual Affairs, under the wing of Seid. Laith Al-Moosawi (May Allah bless him) , believes and deems to commence invigorating the educational products into humanitarian key solutions, drastic and efficacious, serving man . Be with us to have all the sacred missions implemented , be with us to have all the humanitarian and academic loci remedied , as there is an eye pondering over and over man as man : we are brothers either in religion or in creation . Last but not least, the editorial and advisory boards do hope your response will fall in such an oasis for the sake of knowledge, science, virtue .
